Subject: PFAS funding

Bob/Melissa,

FYI,

I requested additional funding for PFAS RI and PA efforts, to fund the additional concerns noted in the ESI Workplan comments. PFAS funding is separate from the normal planning system, due to its priority as an emerging contaminant.

I'm told the request went above the BRAC Division and will likely be funded this year.

My primary office phone number is now: 347-213-1565
